

• KEEP IT KOOL!® PRODUCTS

Our Transport Bags & Frozen Gel Packs are Perfect Together!

Our insulated medium and super size transport bags are extremely effective at protecting refrigerated & frozen food. Independent tests by our supplier have shown that our transport bags can maintain ambient product temperatures within +/-1 degree change per hour.

SUPER SIZE TRANSPORT BAG

SIZE: 23" x 23" x 43.5"

- Bound seams keep the heat or cold out and the proper temperature in.
- Lightweight, they fold for easy storage.
- Double needle stitching for durability.
- Washable, odorless, mildew and stain resistant outershell keeps the cover looking good.

INSULATED PALLET COVER

48" x 40" x 60"

- Maintain product temperatures with change of less than $\pm 1^\circ$ per hour
- Velcro openings on all four sides for easy access to your perishables

THERMAL BLANKET

8' x 10'

- Insulated wrap for packaged food transport.
- Ultratherm™ poly fiber thermal barrier.

GEL PACKS
Use frozen gel packs with our insulated transport bags!

- Economical
- Washable
- Reuseable

MEDIUM SIZE TRANSPORT BAGS

11" x 32" x 21"

- Double layer insulation with 7.5 oz. polyester fiberfill and 1/2" high density foam.
- Durable 200 denier nylon outershell.
- Interior wipes clean.
- Entire bag is machine washable.
- Carrying handles on the sides.

CRYOVAC FLEXIBLE ICE BLANKET

12" x 16.75" 4/BOX

12" x 36" 1/BOX

- Flexible when frozen.
- Uniform distribution of cold.
- Can be wrapped around different shapes & sizes of items or cases.
- Washable & reusable.

Great For Use With Our Transport Bags!

INSULATED BAGS

- For small, easily contained, purchases.

Whatever the size of your order, our **KEEP IT KOOL SOLUTIONS** will help maintain optimal product freshness for all perishable products in transport.
